

# ST. JOSEPH'S MISSION SITE REVITALIZATION ENGAGEMENT SESSION

## SJM Survivors, Family Members, and Loved Ones,

join us as we discuss the future of the former St. Joseph's Mission Residential School site. How should this space honour its difficult history? How can it serve as a place of remembrance and reflection for future generations? Your input will help shape how we commemorate this legacy. Come for the entire session, or stop by when it's convenient. Your contributions to the conversation are greatly appreciated.
